## Blood Bank at Legion Hall Tuesday, July 17

Next Tuesday, July 17th, there will be a Blood Bank at the American Legion Hall from Noon until 6 p.m.

Every Blood Bank is vital, but this one is extremely so. There have been many cancellations down state in the last several weeks because of the disruption of gasoline supplies by the independent truckers strike.

Bloodmobiles and Nurses have been unable to get to their scheduled destinations and banks have been called off as Donors could not get to the Banks.

As a result Blood is in very short supply. Our Blood Bank will start at 12 Noon, and special drivers will arrive at 2 p.m. to rush the first two hours draw to Petoskey Blood Center for immediate processing.

The Blood Center is depending upon our having 40 pints by then, and at least 120 pints by 6 p.m. That's a tall order, but with your help it can be done. At one bank last year we had 137 Donors.

So, PLEASE, you wonderful Good Neighbors, mark your calendar—Tuesday, July 17th, and come to the American Legion Hall between noon and 2 p.m. if you can, but not later than 6 p.m. and give a pint of YOUR precious blood.

## Hit-Run Driver Arraigned

by Joe Schrader

The driver of a vehicle involved in a hit-run fatality was arraigned in 83rd District Court this past Tuesday. Gary Asher of Garden City, Mi., demanded preliminary examination and the 12-day period was waived. He was released after posting a \$2000 personal bond.

Asher turned himself in to sheriff's dept. deputies last Thursday afternoon. The victim of the hit-run incident which occurred early last Thursday morning was identified as Jack Clinton Stevens, 34, of Kalkaska. He was apparently walking west on M-72 when struck by the vehicle driven by Asher.

Parts from the car were found scattered along the scene of the accident and investigation was underway by the Crawford County Sheriff's Dept. when the driver of the vehicle surrendered to local deputies.

## New Gaylord Bank Vandalized

by Joe Schrader

While making a routine door check, sheriff dept. deputies discovered that the Grayling Branch of the Gaylord State Bank had been broken into early Tuesday morning.

Although nothing has been determined as missing now, the sheriff's dept. and bank officials are continuing their investigation.

The break-in occurred at the front door and apparently happened sometime after 1:00 a.m., according to a sheriff's dept. report.

## Hayes Named G.H.S. Cage Coach

By Joe Schrader

Confirmation was made at this past Monday's Board of Education meeting that Warren "Butch" Hayes has been named head Basketball Coach for the varsity squad for next year.

Hayes, who served as J.V. Coach this past season, will replace Fred Wolcott, who resigned earlier this year. He also serves as head coach of the varsity baseball team.

School officials said that a number of other candidates were being considered but "Butch", as he is known most popularly, was their clear choice for the position.

## Harris Named School Band Director

By Joe Schrader

At Monday night's Board meeting, the decision by administration officials to hire Bob Harris as Band Director was confirmed by board members. Harris, a 1975 Grayling High graduate, recently graduated from Alma College with a B.S. Degree in Music.

While attending high school here, Bob was selected to the Northern Mich. Honors Band. Throughout his musical career, he had been actively involved with marching, stage and pep bands.

In 1977, '78 and '79, Harris was a member of the Michigan Small College Honors Band. He is a member of the Music Educator's National Conference and Kenneth Wolfe, a band for outstanding contributions in the field of music.

Harris will replace Jeff Bennett, who recently resigned as Grayling High's Band Director.

Grayling's Little League All-Star Team has now been picked and will be preparing for its first contest against Boyne City in East Jordan on July 19th. Mike Shearer will handle managerial reigns this year and will be assisted by coach Vern LaDuke while Ernie Balch will handle the scorekeeping chores.

Game time for the Grayling squad opener on Thursday the 19th is 6:00 p.m. Other teams participating in this year's district tourney include West Branch, Alpena and Alpena Huron Shores, Atlanta, Johannesburg-

Lewiston, Cheboygan, Sault Ste. Marie, Rogers City, T. Falls, Onaway, East Jordan, Charlevoix, Petoskey, Gaylord, Tri-Rivers and North Emmett. The District Championship Contest will be starting at 2:00 p.m., July 28th in East Jordan.

The following players will make up this year's Grayling All-Star team roster: Bobby Howe, John Nicholas, Stacy Kent, Don Lange, Jeff Branch, Barry Methner, Keith Reynolds, Jim Stewart, Dan LaDuke, Steve Brooks, Barcy Cross, Lisa Solomonson, Riley McNamara and Scott Collins.

MERCY HOSPITAL sculpture work both inside and out continues on a planned schedule according to Public Relations Director, Jack Witter. Opening for the new hospital's addition and renovation facility is still set for early in 1980, hospital officials predict. Shown here are workmen on scaffolding on the front side of the hospital facility while at the right new brickwork is now on display. (Joe Schrader photo)

## At School Board Meeting Burkley Named President

By Joe Schrader

The Crawford County Board of Education met in regular session Monday night and re-elected Kathleen Burkley as President. Other board officers elected were Duane Sloan, Vice-president; Bernadine Dosch, Secretary and Mickey Perez, Treasurer.

The meeting began with the oath of office being sworn by Bernadine Dosch, an incumbent and Pauline Petrosky, a newcomer to the board, both elected to represent Crawford County citizens for 4-year terms.

School Supt. Dr. Bill Diedrich reviewed the staffing report for the upcoming year which included an outline of vacancies, resignations, and leaves of absence, returnees to the system, the teaching surplus and a

summary outlining the school's teaching status. A number of teaching assignments were OK'd by the Board.

Probably the most notable of the affirmations at Monday's session was the appointment of Warren

"Butch" Hayes to the high school varsity basketball coaching position and the hiring of Robert Harris as Band Director. Harris has been conducting band activities throughout the summer since Jeff Bennett. See Burkley on Page 16

## 38th Division Arrives For Summer Training

(Special to The Avalanche)

Camp Grayling—National Guardsmen of the 38th Infantry Division from Indiana and Michigan are perfecting combat skills during their annual two-week training stint at Camp Grayling.

About 5,800 citizen-soldiers of the Cyclone Division are on hand for the exercises. They have been joined by Regular Army units from the 1st Cavalry Division who have been dispersed among infantry and support units for the purpose of sharing training experience. In addition, the 86th Combat Support Hospital and the 281st Aviation Company are here to support the 38th's training program. The division's intelligence staff is being supported by a team from the Army Reserve's 259th Military Intelligence Company.

On Wednesday, civic leaders from the Grayling area were guests of the division for its annual civic day observance, which affords community leaders an oppor-

tunity to become better acquainted with the personnel and functions of the 38th Division.

On Wednesday evening the 38th Division Band performed on the front lawn of the Grayling State Bank.

Friday is the date of the annual Division Review at the military Camp Grayling parade field. A number of civilian and military dignitaries will attend the ceremony, at which outstanding units and individuals will be honored. The public is invited to attend the event, which is scheduled for 4 p.m.

Among visitors scheduled to observe training activities during the two-week period were Lieutenant General William B. Caldwell, who commands the 5th United States Army and Indiana Governor Otis R. Bowen.

The 38th Infantry Division, headquartered at Indianapolis, has major elements in Indiana and Michigan. It is commanded by Major General Robert D. Weliver, of Crawfordville, Ind.

## Mayor McEvers Resigns Post

By Jeanne Lange

At the regular meeting of the City Council a letter was read from Derek McEvers stating that he is resigning, as mayor of the City of Grayling, effective July 9, 1979. McEvers also made it clear that he would not run again as mayor but would serve out his term as a city councilman. Sandy Thompson, present mayor pro-tem will serve the office of mayor for the remainder of the term.

Water and sewer rate study was read and the council adopted the study. The rate for 12,000 gallon base will be \$18 which is a 10.9 percent reduction. The sewer only rate will be \$18 per quarter and it will be effective starting with the October billing. A 20,000 gallon tank will go from \$31.10 to \$30.00 which is a 3.5 percent reduction. ## LMPOA Hold Annual Meeting Saturday, July 7

Residents of Lake Margrethe have been advised not to worry about UFO's or pieces of Skylab if they see bright lights skimming the lake waters at all hours of the night.

Bill Buc, local DNR fisheries representative, says it's all part of an effort by his department to get an accurate "census" of the fish population in the lake.

In a report to members of the Lake Margrethe Property Owners' Association, read at their annual meeting July 7, Buc said DNR fisheries experts would be using electric shock technique, operating a boat at night with bright floodlights, to catch and count fish.

Fish observed in the spotlights are temporarily stunned with an electric boom-shocker, netted, measured and weighed, and put back in the water, Buc said.

In other business, the Association launched a major membership drive involving a mailing to all 800 Lake property owners listed on the tax rolls, and personal follow-up by the present membership of 200.

Three expiring directorships were filled with the re-election of S.J. Ander-

son and A.F. Wilson, and the first-time election of H.C. ("Dick") Raab. The board consists of nine directors, serving three-year staggered terms.

A slate of new officers was elected by the Board for 1979-80, headed by Clarence C. Brenner, president, including Gerald A. McEvers, vice-president; Mrs. Sue Brenner, secretary; and S.J. Anderson, treasurer.

Known contributions by the Association and its members to the Mercy Hospital development fund have reached \$12,370, Brenner reported.

The ranges will be closed during the above dates and all persons are warned to stay out of the range areas.

GRAYLING LANDMARK MOVED—Seven bulk storage tanks, three of which were installed back in 1936 by Jesse. Schoonover, were recently removed from their location on James St., next to the American Legion. The tanks were a part of a Texaco Bulk Plant purchased by William Tufts in 1945. Chuck Fick, local Amoco Distributor, bought the tanks from Tufts. The Tufts family was associated with Texaco Oil Co. for over 30 years. The storage capacity of the tanks is roughly 100,000 gallons. (Joe Schrader photo)

Dear Whitey:  
I would like to take this opportunity to express my thanks to the Crawford County Ambulance Corps. After my recent experience, I can say from personal knowledge that our volunteer Ambulance Corps need take a backseat to no one. Their response time was terrific and the care I received from them was excellent.

In short, paid ambulance attendants could not have given me better care and these people are donating their time and talents to this community. I, and everyone in Crawford County owe them a vote of thanks.

Sincerely yours,

## From Our Conner ...

Better late than never...we refer to our never ending tip of the hat to the Grayling Booster Club for their efforts in bringing the 4th of July celebration to Grayling...we say never ending, only because the celebration seems to get better, and better each year...

The Boosters have made the Fourth a tradition in the north with their full day of activities, climaxed with the fireworks that also seem to become better and better...

The kickoff parade was again fabulous...we would like to be able to acknowledge everyone who participated...it takes a lot of time and effort from many persons and we do not have room to mention everyone...however, a special mention has to go to the folks out at Camp AuSable, for the second year in a row they have put on their own show during the parade...for this, a tip of the derby from our corner...

A parade wouldn't be complete if we didn't have our participants from AuSable Acres...along with their Queen Angela Kirkum and special float...

...special thanks to the scouts, little leaguers, our fine GHS band...Miss Grayling, Sue Burr who has done such a fine job representing Grayling at the Trout Festival and Cherry Festival...and many others we know we have missed...it was a job well done...

An idle thought...we are so happy with the rain that is falling right now (Monday evening) maybe we will receive enough to settle the dust on our streets...

We received a phone call Monday from friend, Jack Witter, of Mercy Hospital relating on the recent Mercy Hospital Radio-Thon. Jack stated he had received the \$35 bucks that is suppose to open the doors down at Kojak's Hotel for you know who.

We asked Jack from whom it came...his reply, it was hand delivered by someone he knew...and it was signed anonymous...and it wasn't the deliverer...

There are a few around who we have been thinking about who may have gone for broke and spent the 35 bucks to see us spend an evening overlooking the AuSable and No. 8 tee and green...but with elimination process...we seem to arrive back to just one person...

He is a merchant on main street, a director of the Grayling Bank, owns a house boat on Lake Margrethe, and doesn't seem to mind when people are sick...now if we are right in our summation if we were orange on St. Patrick's Day, we would become enemies...what really bothers us...if we are right, it perturbs us that an anonymous got off with just a lousy 35 bucks...one would think it would take more than that to get a publisher locked up in the bastle, unless the gendarms are around...

Jack and I decided, that if Mr. anonymous wished to raise the ante a bit more, there just might still be a chance to get a picture of yours truly behind bars...

There are times we just have to wonder how lucky we can be...last Friday we called daughter Toni in TC to see if they were going to be home for the weekend? This is where we were lucky, she told us yes, and was sorry they couldn't make it over Sunday for our anniversary...anniversary of what? You forgot again Toni told us...each year on July 8th is your anniversary when you got married...you know something...I can't remember when I was a young fella trying to play basketball and chasing young girls...seems like we've been married forever...Thelma undoubtedly has a different story, but you have been relying on our wisdom all these years so why change...35 summers is a long time...

For our interested readers we spent the weekend in TC with TJ, Stef and folks...Sunday was a perfect day for us to celebrate...the boss and Toni talked, we snoozed in the easy chair while John slaved waxing the Monte...

We have a magazine article about an old friend of ours from Gaylord, Jack Culliton, many Graylingites know Jack, so we are going to have a part of the article in one of our next issues...he was honored in the magazine put out by the Air Force Academy at Colorado Springs. More later...

Have a nice weekend...the rain Monday night didn't hardly last long enough...to settle the dust, or help raise the radishes...

## The Bible Speaks

From Calvary Baptist Church

Paul's Experience  
With Religion

Gal 1:13-16

Paul reminds us that there was a great difference between his past Jewish religion and his new found salvation in the grace of Christ. Most everyone has some form of religion, but many don't trust in the grace of Christ.

Paul a Persecutor: "For ye have heard of my conversation in time past in the Jews' religion, how that beyond measure I persecuted the church of God, and wasted it." Gal 1:13. It is the normal reaction of all false religion to either actively or passively reject the divine truth of God. Paul actively supported the murder and imprisonment of Christians, because their truth openly challenged his religion. I personally believe that false religion has been responsible for the death and destruction of more people than any other force.

Paul Profiting: "And profited in the Jews' religion above many my equals in mine own nation, being more exceedingly zealous of the traditions of my fathers." Gal 1:14. Paul had rabbinic instruction under Gamaliel, probably the most brilliant Jewish scholar of his day. Paul was not only a Pharisee, but the son of a Pharisee, raised in the best of Hebraic environment. The reason for Paul's exceeding zealousness was his strong conviction based on strong religious training and experience. Paul believed strongly that Jesus Christ was not the promised Messiah of Israel.

Paul Pleasing God: "But when it pleased God, who separated me

from my mother's womb, and called me by his grace." Gal 1:15. Jesus Christ knocked Paul down with a blinding light as he was on his way to Damascus to imprison some more Christians and rebuked him: "Saul, Saul, why persecutest thou me?" Acts 9:4. Paul was immediately converted to Jesus Christ and responded: "Lord, what wilt thou have me to do?" Acts 9:6. From that hour the man Paul, still known by his Hebrew name Saul, became pleasing to God by a life of Christian service.

It was God's election of Paul from his mother's womb which led to his call to the faith by God's grace. His call by God's grace was for God's purpose as we shall see in the next verse.

Paul Preaching Christ: "To reveal his Son in me, that I might preach him among the heathen..." Gal 1:16 a, b. God by His grace knocked Paul down and turned him totally around by revealing Jesus Christ to him. Paul had chosen by his religious background to persecute Jesus Christ and His followers, but God's eternal choice came first. God had chosen Paul before his was born to be an apostle of Jesus Christ to the Gentiles.

Paul's testimony is a challenge to all of us to examine our religious convictions. It is not enough to have a reputable religion, the best of religious instruction, the finest of families plus strong personal zeal and conviction. Paul had all of these and was wrong until he met our Lord Jesus Christ as Savior. (adv.)

Pastor Barnett.

**Scouts Get Outdoor Training At Camp**

Over 1700 Scouts are participating in unique outdoor training experiences this summer when they attend one of the three great Scout Summer Camps made available by the Lake Huron Area Council, Boy Scouts of America.

One of these, Camp Rotary, is located on 1,100 acres of rolling woodlands on old US-27 north of

Clare, Mi. An 80 acre lake centered on the property provides for swimming, boating, and fishing, as well as an action packed program for fun and advancement. Another is Bear Lake Scout Camp which is located in the woods of northern Michigan near Grayling. Aquatics activities including water-skiing and

sailing are featured. Paul Bunyan Scout Reservation is located between Rose City and Mio on 640 acres of wooded ridges and deep kettles in the Huron National Forest. Two lakes on the property provide good swimming, boating and fishing. Each of the camps offer a full range of outdoor educational programs to satisfy the needs of the 1700 Scouts and 125 Scout Troops attending. These activities include aquatics, field sports, nature, conservation, and Scoutcraft.

Troops come to camp from all over northeastern Michigan providing their own Troop leadership. The camp staffs provide assistance and technical skills for each troops camp program.

Scouting members pay their own costs for food, transportation, and supplies, but the operations of the camps is a function of the Lake Huron Area Council.

As a part of the Council's operating budget, these funds are provided through allocations from United Ways and from the annual Sustaining Membership Enrollment among members, parents, and friends of Scouting.

**Complete KCC Management Training**

The Department Heads of Mercy Hospital, Grayling, have recently completed a ten week Management Training Program presented by Kirtland Community College. ## "Kiss Your Baby" CF Promotion Week

The Greater Michigan Chapter of the Cystic Fibrosis Foundation has launched a statewide educational project, "Kiss Your Baby", for the week of July 15-21. The purpose of this week-long venture is to alert parents to the symptoms of Cystic Fibrosis and other children's lung diseases in the hope that early diagnosis and prompt treatment (an essential element in lengthening the life span of children with CF) will result.

directed to consult their local physician.

"It is estimated that respiratory problems in children take up to 70% of a pediatrician's time and are the leading cause of chronic absenteeism from school," said Ms. Jeanne Mayan, President of the Greater Michigan CF Chapter. Furthermore, Cystic Fibrosis is second only to cancer in the number of young lives it takes and three out of four victims of this disease are not yet diagnosed. Because early diagnosis of CF is essential to longer life for these children we have embarked on this statewide campaign to bring this vital health message to the people of Michigan."

Cystic Fibrosis is an inherited disease for which there is neither cure nor control. In CF, a thick, sticky mucus clogs the lungs and airways creating breathing difficulties, high susceptibility to infection and lung damage. The mucus may also interfere with digestion by preventing the flow of enzymes into the small intestine, causing malabsorption of food. Though both parents must be carriers of the CF gene, one in twenty persons in the U.S. is such a carrier. In Michigan alone there are nearly 1/4 million such carriers. At present there is no definite test to determine a carrier of the CF gene.

In many Michigan communities, local CF volunteers will sponsor educational display and information centers joining their efforts with a massive radio, television and newspaper campaign to alert parents to the signs of possible lung-damaging diseases within their families.

### Father-Daughter Team Up At CCP

Ted Knight, who entertained millions of television viewers for seven years as anchorman Ted Baxter, will bring his company of fifteen performers to the Cherry County Playhouse from July 17 through 22 in the comedy *The Impossible Years*. The production has been touring the east coast and marks the first time Mr. Knight and his daughter Elyse have appeared on the same stage.

The Bob Fisher and Arthur Marx comedy features Mr. Knight in the starring role of Dr. Kingsley, a psychiatrist who is writing a book about teenagers. Elyse Knight plays Linda Kingsley, one of two daughters who provide him with more material than he really wants. She has a menagerie of boys in tow including a beatnik and a Peace Corps reject while the younger daughter tries boning up on Fanny Hill.

The plan, sponsored by the Seventh-day Adventist Church, combines physiological and psychological principles which have helped thousands from all over the world to actually quit smoking in just 5 days.

Leading out in the clinic will be Dr. Arthur Weaver, a physician, who has successfully conducted the program in the Detroit area for many years, and John Swanson, a health educator.

## Final Reminder of Envelope Sizes By Post Office

July 15 is the deadline mailers have to use up small and undersized envelopes and cards, Grayling, Mich. Postmaster Jim Baker reminds customers.

Starting that date, the Postal Service makes its new size standards effective. Cards and envelopes measuring less than 3½ inches high or 5 inches long no longer will be mailable and will be returned to sender.

Extra large First-Class envelopes—more than 6-1/8 by 11½ inches—will incur a 7-cent surcharge if they weigh one ounce or less.

Postmaster Baker advises these oversized pieces will be returned to the sender if they do not carry the 7-cent surcharge but can be remailed if the surcharge postage then is affixed. However, delays for these pieces can be avoided if mailers make sure that sufficient postage has been applied.

The new regulation also

will prohibit thin or flimsy cards. After July 15, the cards must be at least seven thousandths (.007) of an inch thick.

"Small envelopes and flimsy cards tend to jam mail processing equipment and cause damage to other mail as well," explained Postmaster Baker. "The surcharge on over sized or odd-shaped pieces is intended to cover the added cost of handling such pieces which must be processed manually," he said. "These standards have been established to allow the Postal Service to process mail more efficiently and this will mean better service for customers."

## Bits O'Talk

By Fay Bovee

Mike Myhera of Northwood Institute and his guest spent the holidays with his parents, Dr. and Mrs. Vern Blaha.

Mr. and Mrs. Bruce Smith were in the UP for several days recently where they went to attend the 40th year Lake Linden High School class reunion. The dinner dance on Sunday, July 1, was held at MTU at Houghton and a party picnic was held on Monday at Hancock Beach. It was the first time Corrine had been back to a reunion or seen most of her classmates. They picked up her mother, Mrs. Signe Soderberg, in Rapid River, and stayed with her sister and husband, Mr. and Mrs. Clarence Dupuis in Lake Linden. They also visited her other sister and family, the George Stevens.

David Somerville and his sister, Gretchen Dice, children of Mr. and Mrs. George Dice, spent three weeks with their grandparents, Mr. and Mrs. Sam Roberts in Ithaca.

Sue Somerville and Pam Tobin spent from June 27 to June 30 at the US Cheerleading Association camp on North western's campus in Traverse City. Out of eight schools they won ribbons for second and third place. Sometime at the end of August the Varsity cheerleaders will be having a garage sale and they would welcome any donations for the sale. If you have anything, contact Sue Somerville, 348-8808.

Jim and Joyce Kolka and Kurt were in Livonia weekend before last where they attended the wedding on Friday evening, June 29, 1979, of Robert Ballinger to Theresa DiRosa at St. Edith Catholic Church, Livonia. Robert is the son of Russ and Susan Ballinger and the grandson of Matt Bidvia. Theresa is the daughter of Mr. and Mrs. Sam W. DiRosa. The reception was held at the Chalet of Farmington Hills. From there the Kolkas went to Trenton where they visited their cousins, Mr. and Mrs. Kurt Kersten and aunt, Mrs. Elizabeth Kott, and in Flatrock they visited cousins, Mr. and Mrs. Harold Kott.

Ted and Nancy Kortess and two boys formerly of Stanton are now Grayling residents. They have purchased the Duke Baldes house at Harbor Beach and are getting settled and getting acquainted with the Grayling area. Welcome to our community!

Mrs. Ricky Kelly (nee Nelson) and two daughters, Marcy and Corin, of Vancouver, Wash. spent ten days with her mother, Mrs. Jeannette Kitchen. Seven-year-old Marcy is remaining for a while with her grandmother.

ANTIQUE AUTO SHOW coming event at Houghton Lake High School grounds all day July 14th. Above are two of Muri (Pinky) Randalls cars that will be on display. This is the 2nd Annual show of the Inland Lakes Region Antique Auto Club of America. Over 100 autos will be on display. A flea market is being held in conjunction with the show. The Club is inviting the public to view the auto display.

## Toronto Blue Jays to Hold Tryout Camp at Gaylord

A tryout camp for baseball players will be conducted by the Toronto Blue Jays on Friday, July 20 at the high school field in Gaylord, Michigan. The camp is open to all boys from 16 to 22 years of age. High School sophomores and juniors are especially urged to attend.

Blue Jay scouting supervisor Don Welke will be in charge of the workouts which will begin promptly at 10 a.m. Welke will be assisted by Blue Jay scout Walt Head and Beeman Simmons, camp director. All eligible players are requested to bring their own uniform, gloves, and shoes. The Blue Jays will furnish all other equipment. In addition each player will be responsible for his own travelling and living expense, if any, unless signed to a contract by the Toronto organization.

Players must be 16 years of age to be eligible to participate and all American Legion players must bring written permission slips from their legion coach or Post Commander in order to try out.

Several players playing in the major leagues today

were first seen at tryout camps such as this one and any boy seriously interested in playing professional baseball ought to make every effort to attend this camp.

Par for the Course

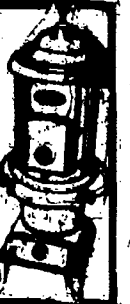

by Fay Bovee

Due to the Fourth falling on Wednesday, there was no league play for either of the men's league or the Auxiliary on Wednesday a.m. However, the course has been busy with guests and locals. The Fourth of July found a few people cooking their dinner on the grills and an excellent crowd on hand to view the fireworks from the City Park across the river. However we're still picking up cardboard from the fireworks when the wind carried it all that way. The men's tournament is over with, winners being: Championship Flight, Tom LaMotte over LD Norman; First Flight, Don Esmond over Dan Priestap; Second Flight, Rudy Martinez over Walt Layman; Third Flight, Dale Nielson over Walt Nowak; Fourth Flight, John Libcke over Wally Robinson.

## Almanack

First, get  
their attention

RICHARD MILLIMAN

As a constant reader of newspapers, magazines and everynow-and-then a book or two, the Almanack is bound to come across some interesting and enlightening thoughts from others. What follows, then, is a covey of cogent quotations from recent perusals of the written word.

Or-another example of a lazy writer's way to produce a column.

Independent truckers created recent havoc in Michigan and other places by withholding their services to draw public and official attention to a long series of complaints—such as the price of diesel fuel, the 55 mile speed limit, government red tape, and some others. Harland Wilcox, speaking for the recalcitrant truckers, complained about federal and state government neglect of trucker demands in this fashion:

"The truckers have found out you can't negotiate without hitting these politicians over the head with a baseball bat."

As the old saying goes, first you've got to get their attention. Public outrage such as created by the truckers, is one way; opposition at the ballot box is another. That may be next.

The nation recently observed Vietnam Veterans Week. Fine idea, it seems to me. Bobby Mueller, a paraplegic Vietnam veteran and one of the founders of the new organization called Vietnam Veterans of America, expressed the hope that the new push would help the Vietnam vets gain acceptance "not as a burden, but as a resource." He explained his view, as quoted in a column by Mary McGrory:

"The thing about having been there is that you appreciate your limitations and you learn humility. Those are awfully important qualities which the nation could use."

I agree with Mr. Mueller. If we've been wasting resources as valuable as those reflected in his comments, that waste should be ended.

Eric Sevareid, whose face and voice are known across the country, recently was

featured in an interview marking the first anniversary of his retirement as analyst of Sevareid's views on television, politics, public affairs, and other areas in which he was active for so long. One of his comments which caught my fancy has general application. He was asked about his feeling toward CBS, which employed him for so many years:

"I never could deride it. I put a lot of affection into it. I never could see taking a paycheck and rushing off to attack it." This attitude about biting-the-hand-that-feeds should be more widespread; too many breadwinners treat an employer only as a necessary evil...that's too bad.

Sticking with TV personalities for a moment, Barbara Walters of ABC interview rekown, also submitted to a recent interview, and put into print her views on several subjects. Noting that she's nearing 60, she mused:

"I'm younger than my male peers—Cronkite, Chancellor, Reasoner—but older than other women in my field. And it's hard for a woman to stay in front of the cameras when she's in her late 50's or 60's. This is going to create anger—but it does make a difference being a woman. People want to accept Walter Cronkite as 'Uncle Walter.' But I don't know if they'd want to see 'Aunt Barbara.' And I don't want it for myself."

Well said, and Barbara Walters is to be applauded not only for recognizing these facts of life, but also for expressing them.

Some closing Nuts & Jolts from Hod Shewell (all of them direct quotations from the Pentwater Philosopher):

—Remember, there's no instant replay when you're in an auto accident.

—The reason some drivers ignore the 55 mile speed limit is they're going so fast they can't see the signs.

—An oldtime student was really taught; now it's the teacher who's taut.

—Retired folks like to move from place to place so they can switch their monotony around.

—A SALT-y observation: When the A-bomb was dropped on that Pacific atoll, there was no more atoll a-toll.

## Hatfield-MacKinnon Wed

Connie Hatfield and Douglas MacKinnon were united in marriage on Saturday, June 30, 1979. The Honorable Judge Emil Kraus officiating, in the home of Mrs. A.J. Nelson of Grayling at a candle-light service, in an alter setting made with large bouquets of mock orange blossoms banked on both sides of the bride and groom.

The bride's parents are Mr. and Mrs. Warren Hatfield of Florida and the grooms parents are Mr. and Mrs. Ed Harris of Grayling.

The bride wore a floor length gown in white jersey trimmed at the bodice with a single white satin butterfly. She carried a bouquet of red roses and baby breath. Her bridesmaid was her sister Janel Wilcox and the best man was Ed Harris.

The mother of the bride wore a mint green dress and the mother of the groom wore a turquoise suit and flowered blouse.

Several friends, cousins and aunts were guests including Mrs. Mary Sieble. A reception followed at the home of Mr. and Mrs. Ed Harris.

The couple traveled to the Soo and are now residing in Grayling.

## WOTM News

## Colleges Name Program Coordinator

Raymond Homer, President of Kirtland Community College, announced the appointment of Robert Hall as Program Coordinator of the Northeast Michigan Surplus Equipment Repair Program (NEMSERP). Mr. Hall, a resident of Higgins Lake and father of two, has recently moved from the Detroit metropolitan area, where he was employed in all aspects of the material handling and heavy equipment service field. As a member of the Michigan National Guard, Mr. Hall served as Motor Sergeant with the 210th Military Police and has attended various service schools relating to the maintenance and management of military vehicles.

NEMSERP is designed to assist local governments in the acquisition, rehabilitation, and repair of excess and surplus government equipment in the fourteen county northeastern part of Michigan's lower peninsula.

This program has been funded, in part, from an initial grant of \$12,000 awarded by the Upper Great Lakes Regional Commission and \$12,000 from three participating colleges. The cooperative effort will pool the resources of Alpena, Kirtland, and Mid-Michigan Community Colleges.

A development council has been established to provide guidance to the program. The agencies and representatives on the council include: Dr. Eugene Gillaspay, President of Mid-Michigan; Dr. Charles Donnelly, President of Alpena Community College; Raymond Homer, President of Kirtland Community College; Roger Rehburg, Regional Director of Upper Great Lakes Region Commission; Ned Patterson, Department of State Highways; Ross Young, Department of Management and Budget; Robert Stowell, Department of Natural Resources; and Val Vitols, State Police Emergency Services.

Headquartered at Kirtland Community College, actual recipient of the grant and designated site of the program office, NEMSERP will be working closely with Federal Surplus to locate and catalog as many replacement parts as possible. Mid-Michigan, Kirtland and Alpena Community Colleges will be performing the actual repairs through their vocational departments.

UGLRC believes this program to be of great help to the local communities in reducing their equipment repair costs in such departments as Civil Defense, Fire Prevention, Land-fill Operations, Road Commissions and others, by utilizing existing educational resources to provide economically repaired equipment.

Interested persons may contact Mr. Hall at (517) 275-5121, Ext. 226, or write NEMSERP, Route 4, Box 59A, Roscommon, Michigan, 48653.

# Tides of Time

Portrait of human initiative

At the moment it is moving bits of beach from place to place. But as the tides of time sweep in that initiative will be turned to ever more important aims.

TODAY offers more exciting opportunities than changing the contours of the sand. In churches around the world children are being taught the spiritual truths that will become essential as their horizons of initiative expand.

We love to watch our toddlers "working." Yes, we marvel at the energy and industry that inspire their sand bucket brigades. It is time to provide them with the moral and religious resources needed by those we count on to build a better world.

## Summer Rec. & Academic Program

THE SUMMER COMMUNITY EDUCATION PROGRAM for all ages includes classroom as well as physical education activities. Shown in the above photo is a classroom group under the direction of instructor Robert Woodland while (bottom), a trampolining artist performs under the watchful eyes of students and their summer instructor. CCA Staff Writer

The Crawford AuSable Schools, under the direction of Howard Taylor, have a summer recreation and academic program for people of all ages.

The summer recreation program consists of basketball, the instructor for basketballs is Tom St. Germain. There was a \$7.50 tuition charge and both boys and girls participate in this activity. The student learns the basic principles of the game. Skill development is passing, shooting, dribbling and guarding.

Kids Theatre is a favorite among the children. There will be two plays presented this year with one of them being The Lion, The Witch and The Closet the other one is the TV musical based on the fairytale of Jack and the Beanstalk. The scenery and costumes are done by the children participating in this program. Money held from the tickets go toward the summer

recreation program. The plays will be open to the public and everyone is encouraged to attend. Sue Prause is in charge of this and there is a \$10 tuition fee.

Gymnastics teach the basic skills of both tumbling and apparatus. The class is individualized to allow students to develop at their own rate. Jeanette Wieland is the instructor for the gymnastics class. Their is a \$7.50 tuition charge and it is open to all children in grades 5-8.

The swimming class meets four days a week at Lake Margrethe for an hour. Bus transportation is provided from the elementary school to the lake. Marilee Cheney is the instructor and Regina Methner is the swimming assistant. There will be a \$10 charge.

The fun bus is a traveling playground. On Monday the bus goes to Maple Forest (Township Hall) and is available to all children from 9 a.m. to 3 p.m. on Tuesdays it goes to Beaver

Creek (Township Hall), on Wednesdays they head for Lovells Landing (Township Hall), on Thursdays it is at the Frederic Elementary School and on Friday the bus goes to Grayling Elementary School. The bus is a school bus with no seats, it has tables and the children can make arts and crafts along with many other things to keep them busy. The supervisor for the fun bus is Anita Lukshaitis.

A supervised playground is open at the Frederic and Grayling Elementary Schools for all children. The hours are Monday thru Thursday, 8:30 to 4:00. There are two people at the playground at all times. It is also open on Friday from 8:30 to 12:00.

There is one evening activity each week, this gives the parents a chance to see how the playground is run. On June 28, the children had a chance to look for pennies in a pile of sawdust. Fred Niederer is the recreation director and he is introducing soccer to the children. Todd Duncley and Maribeth Akers are the playground directors. Assistants are Candy Alma and Patty Hanover.

A person can also enrich himself academically. For High School students there is a chance for them to earn up to one full credit for a select subject such as government, math or history. Tuition for this is \$45.00 per half credit.

A reading and math program designed for children in grades 2 thru 8, with a certified teacher, is also part of the academic program. The children attend school for an hour and a half a day four days a week. They get a chance to work with a tutor on a one to one basis. Dorothy Pfaff is the reading and math instructor and Bob Woodland along with Donna Coffman, Cheryl Yoder, Renee Papendick, Jodi Yoder, Jenny Mudge, Margine Lozon and Karen Ferguson are the tutors. There will be a fee of \$10.00.

The summer program for swimming has approximately 80 kids enrolled in it, the playground has 150 enrolled and the academic programs have 160 enrolled in them. The staff consists of eight certified people. Financing for these programs come from tuition, and donations from civic, governmental and social organizations.

# You can make sure right now that GAS WILL BE PLENTIFUL

Gas lines are not necessary.  
Gasoline prices should come down.

There's no energy shortage in America. Today... tomorrow... or a thousand years from now. There's just a shortage of energy common sense.

Common sense tells us that if the world's supply of oil will be gone in our lifetime, we must right now start using our unlimited coal supplies... we must right now use more natural gas. Instead, we force industry to compete with the car owner for gasoline by preventing them from using other forms of energy.

Let's take industry off the gasoline line right now!

We must make the politicians aware that we want them to act right now. To change our energy policy right now. They must give encouragement, aid and tax incentives which will get industry to convert from the oil which you need for your car to abundant natural gas and coal.

When politicians want to, they can act fast. (Look how fast they passed odd-even license plate laws and half-gallon pricing.)

Typical ways to ease industry off the use of motorists' oil are to

- Ease the restrictions on use of coal.
- Ease the restrictions on mining coal.
- Ease the roadblocks on pipelines to move coal as semi-liquid sludge (in spite of the railroads' opposition to losing their more expensive coal shipping business).
- Ease the restrictions on industry's use of lower grade oil, to free the better grades needed for gasoline.

The benefits to you from all this will be more gas, at lower cost for your car. Lower home prices for gas and electricity. Lower prices for all of the products you buy. (The high cost of the type of energy industry is now forced to use is a big reason for today's inflation.)

But you can benefit only if you act now to wake up your voices in government.

Please use the coupon below to tell those who represent you that they must act right now.

We insist... now!... that you take industry out of the gas line. We want industry freed, aided and abetted to use coal, and natural gas.

And where they must continue to use oil, we insist that restrictions be eased, to permit use of lower grade oils which free better grades for car gasoline.

This will give more gas for drivers, cut gasoline prices, reduce the import imbalance which is deflating the dollar and inflating our prices.

This must be our emergency national energy policy—enacted right now to solve the problems which right now exist.

## Sen. Irwin Reports on State Education Aid For County

By Joe Schrader

Mitch Irwin, State Senator for this congressional district, recently announced school district state aid educational payments for next year, including those designated for Crawford County. State aid for the Crawford-AuSable School District will amount to \$117,470, according to Irwin's recent report, while the Title I Grant will consist of something over \$19,000.

Payment dates during the school year are August 1, October 1, December 1, February 1, April 1 and June 1st. Irwin also reported that aid payments for districts bordering Grayling have also been received. State Aid grants included the following: Kalkaska, \$48,556 in state aid plus \$10,000 under Title I; Roscommon, \$15,009 and \$8,000 respectively and Mio, \$54,192 State Aid and just over \$25,000 under Title I.

The real question of how well schools here function next year (if they do operate in deed), hinges on a special millage election set by school officials for Monday, August 13th. The millage proposal will be asking for area residents to approve a millage of 18.90 mills which includes an increase of 3.25 mills as well as a 7.10 mill county allotment.

## Soil Group Works For Conservation

The major resource concerns in the Crawford-Roscommon Soil Conservation District consist of Erosion and Sedimentation on critical areas, woodland managed for wood products with wildlife benefits and wildlife habitat management. These major concerns are based on the major resources and economy of the area.

The lakes, streams and wildlife in the area provide an economic base that must be preserved and maintained. The woodlands in the area provide fiber and fuel which are also very important to the economic base of this area which must also be managed carefully and maintained.

For these reasons, the Crawford-Roscommon Soil Conservation District has set the above mentioned concerns and problems as their guidelines in working with the public.

In working along these guidelines, the District has hired a Conservation Crew who will be available at a cost to landowners and governmental units to work on conservation practices.

For further information regarding the conservation work crews, contact the Crawford-Roscommon Soil Conservation Office at 409 Lake Street, Roscommon; P.O. Box 156 or telephone 275-5231.

High School Assistant Principal Mike Branch discussed the special education program with the Board, including a written presentation to "continue to offer existing programs offered by the district, with the exception of the high school E.I. center, and not return any of these existing programs to the intermediate." Branch's presentation to the board included a recommendation to appoint a Special Education Teacher-Coordinator, a move, according to Branch that would not require the hiring of an additional staff member, but can be handled by "reshuffling of current personnel."

Other routine matters were handled by the board prior to its adjournment and entry into special session to discuss contractual matters at about 9:00 p.m.
